

# JESUS O' LANTERN

©2006 OBJECTIVEministries.org

## INSTRUCTIONS:

- 1 Pray for the Lord to give you the strength to complete this fun family activity.
- 2 Use the grid to transfer the drawing to a hollow pumpkin, or print it out at the size you need, tape the paper to the pumpkin and poke holes through the lines to mark where to cut.
- 3 Cut and scrape-out somewhat deeply the areas not shaded, including an area around the head to fit your pumpkin (be creative: make a halo or radiant star burst pattern!) Make sure you only remove enough so light will shine through without puncturing the pumpkin wall.
- 4 Put a lit candle in your Jesus O'Lantern. Place where neighborhood kids can see it so they'll be drawn to hear the Good News! Also consider making matching "LOL!" ("Love Our Lord!") lanterns!
